

## **GEMINI SUPPORT**

Fixed sprinklers, mobile arm sprinklers and pulsating sprinklers are also available with the “Gemini” support, a base that ensures a greater stability.

In the “pulsating” version the base is ballasted, with a spike for the ground attachment.

## **OSCILLATING SPRINKLERS**

Oscillating sprinklers, also available with the base for fixing on tripod support.

## APPROXIMATE TECHNICAL DATA

Performance varies based on water pressure.

Adjustable spray coverage from 10° to 100° with 15 and 19 orifice spray bar.

Sector adjustment (surface to water) by moving the two black cams which are located on the turbine.

Performance:

<b>15 orifice spray bar</b>	<b>2 bar/28 psi <math>\cong</math> 20 m<sup>2</sup> max. → 110 m<sup>2</sup></b>
	<b>4 bar/56 psi <math>\cong</math> 35 m<sup>2</sup> max. → 200 m<sup>2</sup></b>
<b>19 orifice spray bar</b>	<b>2 bar/28 psi <math>\cong</math> 25 m<sup>2</sup> max. → 130 m<sup>2</sup></b>
	<b>4 bar/56 psi <math>\cong</math> 40 m<sup>2</sup> max. → 220 m<sup>2</sup></b>
