

# OSCILLATING SPRINKLERS

Oscillating sprinklers, also available with the base for fixing on tripod support.

## APPROXIMATE TECHNICAL DATA

Performance varies based on water pressure.

Adjustable spray coverage from 10° to 100° with 15 and 19 orifice spray bar.

Sector adjustment (surface to water) by moving the two black cams which are located on the turbine.

Performance:

15 orifice spray bar	2 bar/28 psi ≅ 20 m² max. → 110 m² 4 bar/56 psi ≅ 35 m² max. → 200 m²
19 orifice spray bar	2 bar/28 psi ≅ 25 m² max. → 130 m² 4 bar/56 psi ≅ 40 m² max. → 220 m²
